1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the Title:

Delete the Title in its entirety and insert --Method of Making a Sintered Friction Member--

In the Specification:

In the Preliminary amendment Page 1, line 3-4, delete "currently pending" and insert --now U.S. Patent 6,643,906.--

2. The following is an examiner's statement of reasons for allowance:

The invention relates to a method of manufacturing a friction member comprising the steps of compression molding a plastic powder with a fiber material to form a cylindrical molded member wherein the fiber material is aligned substantially perpendicular to the direction of compression; thereafter sintering the cylindrical molded member and slicing the outer peripheral surface of the sintered molded member by rotating the sintered

cylindrical molded member thereby forming a sheet of the compression molded sintered friction member.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Garrison et al. and Wimmer et al. both teach methods of making sintered plastic products but do not teach particular cylindrical shape, fiber orientation or the slicing of the sintered cylindrical from into a sheet.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Lechert Jr. whose telephone number is 703-305-6156. The examiner can normally be reached on 9:30-6:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael P. Colaianni can be reached on 703-305-5493. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9310.
